Experience the award-winning, record-breaking exhibition Nature Connects, created by renowned New York artist Sean Kenney and produced by Imagine Exhibitions. Using millions of LEGO® bricks, Kenney crafts stunning sculptures that celebrate the beauty of nature while exploring themes of conservation, endangered species, and the delicate balance of ecosystems.

Through vibrant and intricate displays, Sean Kenney's Nature Connects highlights how everything in nature is interconnected. The exhibition encourages visitors to reflect on topics such as protecting wildlife habitats, sustainable living, and our everyday relationship with the environment. Explore the exhibit during your next visit to Riverbanks Zoo and Garden.
